a) State law allows certified small business (SB) and microbusiness (MB) firms to receive a 5% bidding preference on applicable state solicitations. The 5% preference is also available for non-certified businesses who subcontract 25% of contract amount with a certified SB/MB.

b) The effect of the preference is to help SBs/MBs be more competitive in the bid process, thereby enhancing state contract awards directly or indirectly to SB/MB. The preference is only used for computation purposes to determine the winning bidder, the contract is awarded at the actual bid amount. http://www.pd.dgs.ca.gov/smbus/sbpref.htm

3. In no event shall the SB preference or non-SB subcontracting reference exceed $50,000 in any single bid.

4. How does the 5% Small Business (SB) Preference Work?

b) Computation Method for example 4-a:

1. Five percent is applied to the lowest (non-certified small business) responsible bid ([Bidder 2] $28,975 x .05 = $1448.75).

2. The preference amount ($1,448.75) is subtracted from the certified small business (Bidder 4’s) bid amount ($29,870 - $1,448.75 = $28,421.25).

3. Bidder 4’s computed total is $28,421.25, making them the lowest bidder.

4. The contract is awarded to Bidder 4 for $29,870.

c) NOTE: The 5% SB preference is applied to currently certified and registered small businesses and is used for bid evaluation purposes and does not alter the bid’s actual amount.

5. Documentation

   a) Bidders must provide a printout from the State's SB/DVBE vendor system showing your certification and expiration date from the following web site. www.Caleprocure.ca.gov

   b) If a non-certified firm is claiming the SB Preference based on subcontracting at least 25% of the contract to a certified SB/MB, you must include a complete DPR 85 with your bid. An evaluated bid under the 25% SB subcontracting qualification cannot displace a certified and registered SB.

   c) At completion of performance and when SB participation was included toward SB goals under this contract, then the contractor must complete and submit form DPR 489 to the State's designated representative under this contract and within the time specified within the contracting documents or within 60 days of receipt of final payment, whichever is sooner.

6. Verification

   Information submitted by the bidders to claim the SB Preference will be verified by the State. If evidence of an alleged violation is found during the verification process, the State shall initiate an investigation, in accordance with the requirements of the PCC §10115, et seq., and MVC §999 et seq., and follow the investigatory procedures required by the 2 CCR §1896.80. Disabled Veteran Business Enterprise (DVBE) Notice

DVBE Incentive for Invitation For Bid (IFB)
(Participation Requirement Waived)

Bidder's attention is directed to the Disabled Veteran Business Enterprise (DVBE) Participation Requirement for bidders, as outlined in the accompanying bid package.

The DVBE Participation Requirement for this solicitation has been waived – however the DVBE Incentive still applies.
There is no minimum DVBE participation requirement for this solicitation.

What is a Disabled Veteran Business Enterprise (DVBE)?

For a business to be considered a Disabled Veteran Business Enterprise (DVBE), they must be certified with the State of California - Department of General Services in accordance with California Code of Regulations, Title 2, Section 1896.94. Please see the following website for more information about DVBE certification benefits and eligibility requirements: http://www.pd.dgs.ca.gov/smbus/dvbecert.com.

Only DVBEs who perform a commercially useful function relevant to this solicitation, may be used to satisfy the DVBE participation and/or incentive program requirements.

Commercially Useful Function Definition

California Code of Regulations, Title 2, § 1896.61(l): The term "DVBE contractor, subcontractor or supplier" means any person or entity that satisfies the ownership (or management) and control requirements of §1896.61(f); is certified in accordance with §1896.70; and provides services or goods that contribute to the fulfillment of the contract requirements by performing a commercially useful function.

As defined in MVC §999, a person or an entity is deemed to perform a "commercially useful function" if a person or entity does all of the following:

- Is responsible for the execution of a distinct element of the work of the contract.
- Carries out the obligation by actually performing, managing, or supervising the work involved.
- Performs work that is normal for its business services and functions.
- Is not further subcontracting a portion of the work that is greater than is expected by normal industry practices.

A contractor, subcontractor, or supplier will not be considered to perform a commercially useful function if the contractor's, subcontractor's, or supplier's role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of disabled veteran business enterprise participation.

What is the DVBE Incentive Program?

The DVBE Incentive Program was established by statute and applies to contracts solely financed by State funds. This program is separate from the DVBE Participation Program. The incentive is designed to encourage bidders to partner with DVBE subcontractors.
The incentive may be combined with other incentives and preferences up to an established cap of $100,000.00. The incentive is used only for evaluation purposes and does not alter the amounts of the actual bids.

**PLEASE NOTE:** If, for this agreement, a contractor made a commitment to achieve disabled veteran business enterprise (DVBE) participation, within 60 days of receiving final payment under this agreement (or within such other time period as may be specified elsewhere in this agreement) the contractor must certify in a report to the awarding department:

- the total amount the prime contractor received under the contract
- the name and address of the DVBE(s) that participated in the performance of the contract
- the amount each DVBE received from the prime contractor
- that all payments under the contract have been made to the DVBE(s)
- the actual percentage of DVBE participation that was achieved

You will be required to report to DPR the actual dollars spent with each DVBE subcontractor on DPR 489. If awarded the contract you will receive this form at the completion of the contract. A person or entity that knowingly provides false information shall be subject to a civil penalty for each violation. (Military & Veterans Code (M&VC) § 999.5(d))

**Who is eligible to receive the incentive?**

Any responsive and responsible bidder who has attained .01% DVBE participation or higher.

**Documentation**

Bidders must document DVBE participation commitment by completing and submitting the following forms:

- DPR 486, Bidder’s DVBE Participation
- STD. 843, DVBE Declarations

**DPR 486, Bidder’s DVBE Participation:** The DPR 486 is used to document the proposed prime contractor and subcontractors, including their roles and responsibilities. The form must be submitted with the bid package.

**STD. 843, DVBE Declarations:** All disabled veteran owners and disabled veteran managers of the DVBE must complete the form and submit it with the bid package. A STD. 843 needs to be submitted by every DVBE supplier who is part of a bid whether they are the prime or a sub.

Bids that fail to submit the completed required forms to confirm the level of DVBE participation will not be eligible to receive the DVBE incentive. Clerical and typographical errors on these forms may be corrected at the State’s sole discretion.

Information submitted by the bidders to claim the DVBE incentive(s) will be verified by the State. If evidence of an alleged violation is found during the verification process, the State shall initiate an investigation, in accordance with the requirements of the PCC §10115, et seq., and MVC §999 et seq., and follow the investigatory procedures required by the 2 CCR §1896.80. Contractors found to be in violation of certain provisions may be subject to loss of certification, penalties and/or contract termination.
How does the DVBE Incentive Program Work?

The DVBE incentive is used only for evaluation purposes to determine the successful bidder and does not alter the amounts of the actual bids. A dollar cap of $100,000.00 is set for all combined incentives and preferences.

For contracts to be awarded based on the Low Price Method, the incentive amount is equal to a percentage of the **lowest responsive and responsible bid** based on the amount of DVBE participation in the bid being evaluated per Table A below. The Computation Method does not include the small business preference; however, the small business preference may be applied and may affect the application of the incentive and the outcome of the ranking.

Upon State’s request, Contractor shall provide copies of its Worker’s Compensation and Employer’s Liability Insurance.

Concurrent with the execution of this agreement, Contractor shall provide to State evidence that the insurance required to be carried by these provisions, including any endorsement affecting the additional insured status, is in full force and effect and that premiums therefore have been paid. At State’s discretion, such evidence shall be the appropriate ACORD Form (Certificate of Insurance) or a certified copy of the original policy, including all endorsements.

Insurance companies issuing any of the policies required by these provisions shall have a rating classification of “A-” or better and a financial size category rating of “vii” or better according to the latest edition of the A.M. Best Key Rating Guide. Any other rating classification requires State approval.

All insurance companies issuing any of the policies required by these provisions shall be licensed to do business in the State of California.

F. State Remedies

Should Contractor fail to keep the insurance required to be carried by these provisions in full force and effect at all times, State may in addition to any other remedies State has, terminate this agreement immediately and all payments due or that become due will be withheld until notice is received by State that such insurance has been restored or replaced to full force and effect and that the premiums therefore have been paid to cover a period of time satisfactory to State.

2. Licenses and Permits

Contractor shall be an individual or firm licensed to do business in California and shall obtain at its expense all license(s) and permit(s) required by law for accomplishing any work required in connection with this agreement.

If Contractor is located within the State of California, a business license from the city/county in which it is headquartered is necessary; however, if Contractor is a corporation, a copy of the incorporation documents/letter from the Secretary of State’s Office can be submitted. If Contractor is located outside the State of California, Contractor shall submit to State a copy of the business license or incorporation papers for the respective state showing that the company is in good standing within that state.

In the event, any license(s) and/or permit(s) expire at any time during the term of this agreement, Contractor agrees to provide State with a copy of the renewed license(s) and/or permit(s) within 30 days following the expiration date. In the event Contractor fails to keep in effect at all times all required license(s) and permit(s), State may, in addition to any other remedies it may have, terminate this agreement upon occurrence of such event.
3. Disputes

Unless otherwise provided in this agreement, any dispute concerning a question of fact arising under this agreement which cannot be resolved informally shall be decided by the following two-step procedures.

Contractor must provide written notice of the particulars of such disputes to the Project Manager or his/her duly appointed representative. The Project Manager must respond in writing within ten (10) working days of receipt of the written notice of dispute. Should Contractor disagree with the Project Manager’s decision, Contractor may appeal to the second level. Pending the decision on appeal, Contractor shall proceed diligently with the performance of this agreement in accordance with the Project Manager’s decision. The second level appeal must indicate why the Project Manager’s decision is unacceptable, attaching to it Contractor’s original statement of the dispute with supporting documents, along with a copy of the Project Manager’s response. The second level appeal shall be sent to the Deputy Director of Administrative Services or his/her duly appointed representative. The second level appeal must be filed within fifteen (15) working days of receipt of the Project Manager’s decision. Failure to submit an appeal within the period specified shall constitute a waiver of all such right to an adjustment of this agreement. The Deputy Director or designee shall meet with Contractor to review the issues raised. A written decision signed by the Deputy Director or designee shall be returned to Contractor within fifteen (15) working days of the receipt of the appeal.

4. Termination for Convenience

State reserves the right to terminate this agreement subject to 30 days written notice to Contractor. Contractor may submit a written request to terminate this agreement only if State should substantially fail to perform its responsibilities as provided herein.

Such acts shall include but shall not be limited to acts of God, fire, flood, earthquake, other natural disaster, nuclear accident, strike, lockout, riot, freight embargo, public regulated utility, or governmental statutes or regulations superimposed after the fact. If a delay or failure in performance by Contractor arises out of a default of its subcontractor, and if such default of its subcontractor, arises out of causes beyond the control of both Contractor and subcontractor, and without the fault or negligence of either of them, Contractor shall not be liable for damages of such delay or failure, unless the supplies or services to be furnished by subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule.

6. Forced, Convict, and Indentured Labor

No foreign-made equipment, materials, or supplies furnished to State pursuant to this agreement may be produced in whole or in part by forced labor, convict labor, or indentured labor. Any works developed during and/or pursuant to this agreement by Contractor, including all related copyrights and
